

Rubber Screen Cloths

Reglin Rubber Screen Cloths are a premium grade wear and impact resistant 70 Duro rubber screen mat.

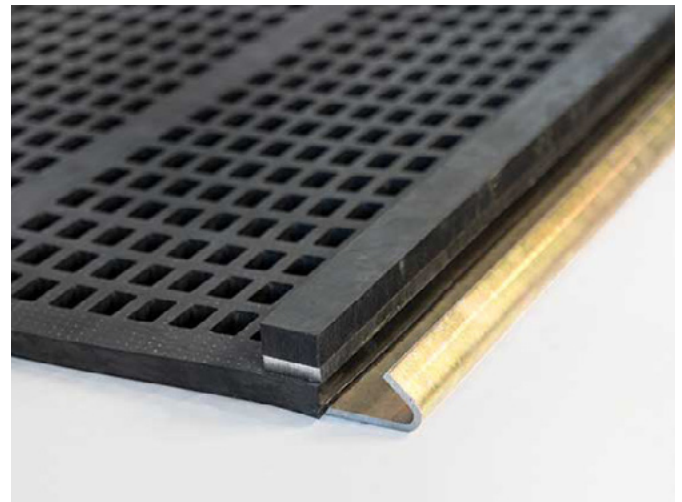

FEATURES

Reglin Rubber Screen Cloths are made from a highly elastic premium rubber compound and will display excellent resistance to sliding abrasion and large particle impact.

Rubber Screen Cloths will absorb energy from the impact of materials. Offering superior wear resistance and long service life, whilst reducing vibration and lowering noise levels and dust emissions.

Reglin Rubber Screen Cloths are reinforced with a special heat-treated cord for added stability in the most demanding of applications. This cord enables correct tensioning of the screen mat when installed and maintains this tension during service, eliminating the need for constant adjustment.

Rubber Screen Cloths feature tensioning hooks and protection strips as standard.

TECHNICAL INFORMATION

Polymer	NR/BR	
Reinforcement	Polyester Cord 1100 dtex /1/3 118 EPD	
Colour	Black	
Specific Gravity	1.13	ASTM D297
Hardness	70° ± 5° Shore A	ASTM D2240
Tensile Strength	17 MPa (min)	ASTM D412
Elongation @ Break	350% (min)	ASTM D412
Abrasion	80mm ³ (max) @ 10N	ASTM D5963
Temperature Range	-20°C to + 70°C	

AVAILABLE SIZES

Reglin Rubber Screen Cloths are custom made to suit any screening equipment. They are available in a range of standard thicknesses; 3, 5, 7, 10, 15, 20, 25, 35, 50mm and can be supplied in any width up to 1525mm.

Rubber Screen Cloths can be custom cut to any length and supplied with apertures to suit your screening requirements. All Screen cloths come complete with hooks to suit your screen.
